Hmmm...
I don't have the motivation to do homework...
Can't progress if I can't understand anything...
Don't feel like finishing it at all...
Why?
Asane, wanna play rock-paper-scissor with your sis?

I got tired of studying, so I want to play a game to relax
A game?
The kind of rock-paper-scissors where whoever loses has to do anything the winner says...!
キラッ
キラッ
Let's do it!
I'll only say it once no refusing to do it even if you lose okay?
Of course.
-Scissor!

You know, Asane...
Your sister doesn't like how you're always so stupidly lucky at these useless things.
That's cuz you always throw rock, sis...
Sis, sis.
Hmm?
Aargh, sheesh!
And here I was thinking of making Asane do all my homework...
You said if you lose...
You'd do anything I tell you to, right?
...What is it?

Kiss you.
Sis,
I want to...
Huh?
What nonsense are you talking about?
No way, that is only for someone you like!
There's no way I'd kiss my own little sister!
I want to kiss you.
But you're the one who said that you can't refuse even if you lose.
I did say that...
I did say that, but...

つづく

But it's a kiss between sisters!
What kind of punishment is this!?
Yes, I'm serious.
You're seriously gonna do it?
Huh?
You serious?
Like... Like this?
Now can you hurry and close your eyes?
Ehhh-hhh?
You're the one who thought up the game, aren't you?

はぁ
You didn't say that you were gonna put your tongue in!
Stupid Asane!
But sis...
Didn't you also put your tongue in my mouth?
That's because...
It felt so good...

Cute...
The French kiss feels good...
isn't it because we get along so well. Just like lovers?
Stop teasing me, Asane...
Or I'm really going to feel like we are...
Uwaaa

What do you think will happen if mom comes in and sees us?
Anyway, hurry and get up!

Uwah!
What the!?

As thanks I'll help you with your homework
